1 Introduction

This is the introduction text. This text is not shown in the presentation, but will be part of the article.

This text is once more not shown in the presentation.

2 Main Part

While this text is not shown in the presentation, the section command also applies to the presentation.

Check the equation numbering here. This equation appears only in the notes

$$F = ma \tag{1}$$

This equation appears in both presentations and the notes

$$KE = \frac{1}{2}mv^2 \tag{2}$$

 This equation appears only in copy presentation and the notes

$$E = mc^2 \tag{3}$$

2.1 Article-Only Section

With some more text.

- Appears only in main presentation and notes

- To check the numbering I am citing Eq. (2)

- In article this is eq 2 but in ppt this is eq1

- This particular item is only part of the article version.

- This text is also only part of the article.
